ACCIDENTAL METADATA  
EXFILTRATION

And Petbot

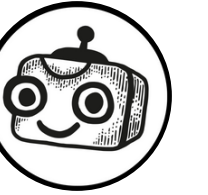

AMBIENT INTELLIGENCE IS ARTIFICIAL INTELLIGENCE  
HIDDEN INSIDE EVERYDAY OBJECTS WE USE.

THAT MEANS THINGS AROUND US LEARN AND ADAPT  
TO US AND OUR NEEDS.

## Helpful questions to spark ideas:

- What takes up a lot of your time but doesn't help you learn anything new?
- Which daily task do you find boring or tiring?
- What often stresses you out because you're not sure you're doing it right?
- What could help you keep your room or backpack tidy?
- Where would you like to use AI—and where not so much?

THAT'S ALL, WRAP!

IT WAS TRULY AWESOME HANGING OUT WITH YOU!  
THANK YOU!
